## Multi-Vehicle Synthetic Blend Automatic Transmission Fluid

### Performance

Drivers demand balanced and proven performance in an automatic transmission fluid.

Cenex<sup>®</sup> Auto Gold<sup>™</sup> Multi-Vehicle Synthetic Blend ATF delivers guaranteed protection and optimal performance through:

- Exceptional wear protection
- Anti-shudder performance
- Superior lubrication
- Rust and corrosion prevention
- Gear and seal protection
- Frictional stability and torque transfer
- Smooth ride and consistent shift feel
- Extended fluid life
- Optimal temperature control

Drivers Demand Quality, Performance & Simplicity...Cenex Delivers.

### Quality

Drivers demand quality products to protect their cars and keep them running at peak performance. Cenex automatic transmission fluids deliver solutions. Cenex<sup>®</sup> Auto Gold<sup>™</sup> Multi-Vehicle Synthetic Blend ATF offers transmission protection that lasts throughout the life of the fluid—without the performance breakdown that occurs in many competitive brands. Quality fluids translate to less maintenance, improved performance, and transmission durability.

### Multi-Vehicle ATF Gear Wear Comparison

Cenex Auto Gold<sup>™</sup> Multi-Vehicle Synthetic Blend ATF

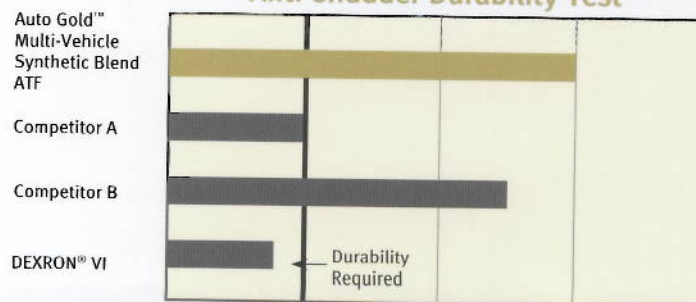

Competitor A

Competitor B

Cenex Auto Gold<sup>™</sup> Multi-Vehicle Synthetic Blend ATF has proven itself in the laboratory and in real-world field tests to provide exceptional performance and protection. Cenex fluids are meeting and exceeding industry performance standards set by automakers internationally.

### Anti-shudder Durability Test

# Auto Gold™

Cenex® Auto Gold™ Multi-Vehicle Synthetic Blend ATF is developed for use in North American, European and Asian vehicles. Drivers can bypass the confusion created by the dozens of automatic transmission fluid offerings on the market by selecting Cenex Auto Gold™ Multi-Vehicle Synthetic Blend ATF.

## Simplicity

Drivers demand simple solutions when selecting products for their cars. Cenex® Auto Gold™ Multi-Vehicle Synthetic Blend ATF automatic transmission fluid delivers an ideal solution for a broad range of vehicles. This advanced fluid technology offers balanced functionality and proven transmission protection compatible with today's high-performance and fuel efficient transmissions as well as older vehicles.

**Cenex® Auto Gold™ Multi-Vehicle Synthetic Blend ATF recommended for these applications**
